

SUMMIT WARRANTY CORPORATION

INSPECTION WARRANTIES: IT'S ALL WE DO!

Complimentary Radon Remediation Protect

This plan is applicable only in conjunction with a full home inspection and when your home inspector's radon test is the first and only radon test done in the preceding six-month period and those results came in at or below 3.9 PCi/L and no action/recommendation was needed for a mitigation system. The results, under this plan, are warrantied for a period of 6 months from the date of the full home inspection.

This warranty plan is your protection in the event your radon levels are not found to be at or below 3.9 PCi/L. Should a properly licensed professional run a subsequent test during the 6 month coverage period, and the results are over 4.0 PCi/L, this plan will pay the cost towards a mitigation system up to \$1500 and after a deductible of \$0 is met. Plan issuer reserves the right to perform a secondary test to confirm the validity of results at its own expense. If the subject property has been modified in a way that could impact the test results, plan will be void.

Coverage becomes effective on the day of the home inspection report and is in effect for a period of 6 months thereafter. Policy is not transferrable to any other party or property or in the event of a transfer of ownership. This warranty, and all related disputes, shall be interpreted and enforced in accordance with the laws of Hamilton County in the State of Indiana without reference to, and regardless of, any applicable choice or conflicts of law principles. All claims must be submitted and accepted through the customer claims portal by creating an account via www.summitwarrantyclaims.com prior to the expiration of this agreement. Coverage under this plan shall come after any and all other warranties or insurance in place at the time of the claim and **may not** be applied to their deductibles.

CLAIM PROCEDURES:

Go to www.summitwarrantyclaims.com and create a secure account and login credentials. (claims can not be accepted via phone or email) Once your account is created and email verified, claimant will click on "**Submit New Claim**" and complete all required fields. All claims will require submission of the original full home inspection report (all pages) and a detailed repair estimate breaking out parts, labor as well as cause of the failure determined by a licensed or certified expert. Summit Warranty Corp reserves the right to request up to two additional estimates. The estimate must include contact information for the contractor. You will receive a notification that the claim was successfully submitted.

To check the status of your claim, or to upload documents requested by your claims analyst, log back in to your account, click on that specific claim shown on your dashboard, and review status updates and or comments from the claims team. All claims matching a registered property address will be reviewed in one business day. Once reviewed, your status will change from “Submitted” to one of the following: “Declined” status means your issue falls outside the warranty coverage; claims analyst will leave notes on your claim detailing the reason for no coverage and you will be able to inquire further by replying via your claims portal account. “Incomplete” status means there is missing or incomplete documentation, and you should read the notes left by your claims analyst, then upload the documents through your claim portal. “Inactive” indicates an incomplete claim has been open for a period of 60 days with no action by the claimant; after 60 days, the plan issuer reserves the right to cancel the claim, and a new claim would need to be started by claimant. “Pending Review” means we have received your updated claim information and it is under review. “Approved Pending Payment” means your claims analyst has approved your claim and it is in line for final review and check remittance! “Paid/Closed” means your claim is final and a check has been mailed. Please allow up to 14 days from the date of Paid/Closed status for your check to arrive.

Additional information required to successfully submit your claim:

1. Full address of the covered property
2. A Brief Description of the issue you are having
